Dear Mr. Newman:

I wish to thank you and acknowledge receipt of your letter to me of September 22nd. The day planned for the Fall Meeting - Saturday, November 14th - falls on the second Saturday of November, which is the customary date for this meeting specified by the Society's Constitution. However, it is sometimes possible to have the date changed to another Saturday in November if the traditional one is inconvenient.

The lecture should run from forty-five to fifty minutes in length, and would constitute the main part of the program. Prior to the talk any Society business would be brought up, but this probably would not take more than five minutes.

It is entirely up to the speaker whether he wishes to use slides or not; some have done so but others have dispensed with them. The Society does not have an opaque projector, but does have the usual type of projector for standard slides and 35 mm. We can have slides made for you here if necessary.

The attendance of course varies, and consists largely of members of the Society. However, invitations are always sent to other institutions here in the metropolitan area. The average attendance seems to be somewhere between forty-five and fifty people.

September 26, 1959

We shall, of course, be glad to recompense you for your expenses in coming.

With the hope that you will be able to be our speaker at the Fall Meeting, I am

Yours very truly,

Dear Mr. West:

With further reference to your request that I give the fall lecture at the Society, I have rearranged my plans so that the date of November 14 is satisfactory.

As soon as I hear from you on the other matters mentioned in my letter I will let you know the topic.

Sincerely yours,

Dear Mr. West:

The title to the lecture to be given on November 14, 1959 will be "Machin's Mills Coinage and Other New York Coppers".

Slides are desirable for such a talk and your helpfulness in having them made is most appreciated. Slides made from 35 mm. film are probably the most convenient and the capabilities of your photographic department makes it advantageous for them to be made in New York rather than St. Louis.

Sincerely yours,

Dear Mr. Milbank:

I discussed with Mr. Norweb the matters to come before the September 16, 1966, meeting and was ready to come if necessary. He told me the problems with which you were confronted and which will be discussed, and I can only say I am sorry that you are having these extra difficulties. We did not think it was essential for me to come and, therefore, would you excuse me.

I will be glad to come any time my presence will be helpful.

Kindest personal regards.

Very truly yours,

Eric P. Newman

Dear Eric:

Should you happen to be in New York on the evening of Thursday, August 8, may I cordially invite you to an informal dinner to celebrate the closing of the Society's 1974 Summer Seminar in the Oxford Room of the Warwick Hotel, Sixty-five West Fifty-fourth Street. Beginning at 7:00 there will be a reception with cocktails. Dinner will be served at 7:30.

Dear Sam:

I will be in New York on August 4, but will  
return promptly thereafter.

If it is possible for me to come to the  
dinner on August 8 I will advise you but the chances are  
small. You were very nice to ask me and I certainly  
would enjoy it.

Cordially,

EPN/atb
